## Guidelines for Meeting Observers

This guideline aims to set appropriate expectations in instances where observers attend meetings of the Board or Committees. Observers include registrants, members of the public, or other Board/Committee members who do not actively sit on the Board/Committee that is conducting the meeting.

It is the expectation that the business of these meetings can proceed appropriately and with full attention to a safe, comfortable and secure environment for all meeting participants.

**There will be no comment by the College regarding any of the matters that have been considered and discussed by the board or panel.**
